VICTOR WEAVER  
Executive Committee

The Auburn Volunteer Fire Association responded to 16 calls this year. We maintain 3 Red Phones and some-one is available at All Times to take your call. Please remember to call IVanhoe 3-4111.

It is discouraging to find a fire out of control because excited people failed to call the right number to report a fire. Please help us to help you. First get everyone out of the building. Second, call the Fire department at IVanhoe 3-4111.

In less than 2 minutes men and equipment will be on the way to help you. Three trucks carrying over 8 tons of water respond to all fires in the town.

One is a new \$13,500 piece of general purpose equipment. It is equipped with two of the best modern fog nozzles on two booster reels with 150 Feet of high pressure

hose on each and a dual purpose nozzle on 300 Feet of 2-1/2" live line. Water is immediately available at these three nozzles. In addition this truck carries 1500 feet of 3" dacron hose, long reach 1-3/4" nozzles, CO 2 and Chemical extinguishers, 35 foot ladder, roof ladder, various adapters, tools, and lights, 30 feet of 4" suction hose and 20 feet of 6" suction hose.

The second truck has a general purpose fog nozzle and a booster reel and a dual purpose nozzle on 300 feet of 2-1/2" live line. It is equipped with ladders, nozzles, adapters, tools and a portable pump.

The third truck is equipped with forest fire equipment, Indian tanks, portable pumps and fire fighting tools.

These three trucks have a total pumping capacity of 2000 gallons a minute with sufficient hose to get water to any fire in the town.

All of this is useless if you don't call us. Please write in the first page of your telephone directory under Fire---IVanhoe 3-4111.

#### REPORT OF THE ZONING BOARD

The Zoning Board met on the fourth Tuesday of each month as scheduled. Applications were received for new construction of houses and garages, moving of mobile homes, business enterprises, signs and soil removal.

There were several violations of the ordinances during this year, either by failure of obtaining a permit and also neglect or refusal of payment of fees. Fees for twenty-three building permits were collected and two for mobile homes, making a total of forty-eight (\$48.00) dollars collected. Expenses of the Board totaled four dollars and eighty-six cents (\$4.86) covering supplies and postage.

Respectfully submitted,

GLADYS W. CHRISTIE  
Secretary

## AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook - yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight per cent of our forest fires result from human carelessness - our carelessness. This we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations - hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us: the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you -

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

MERTON A. WEBBER  
District Fire Chief

GERALD B. WEAVER  
Forest Fire Warden

## GRIFFIN FREE PUBLIC LIBRARY

The children of Auburn Consolidated School are deserving of commendation for their use of the library.

The record shows 1,041 books were circulated among the grade school group and 251 books were taken by adults.

While circulation during the eleven week summer vacation is depressed it is gratifying to note that the reduction is only one half in the juvenile area.

Interestingly, the adult circulation increases during the summer weeks.

Recognition is made of books donated as follows:

James Guinesso, 32 juvenile  
Dorothy Roach, 25 Golden Books  
Mae Coult, 5 adult  
Mertie E. Preston, 3 adult

The interior of the library received a much needed renovation and redecorating.

Sixth: To see if the Town will vote to accept the fol-

lowing articles and amendments for the zoning laws:

- a. Do the citizens of Auburn wish to sponsor a Town Clean-Up Week to coincide with the State program, during which time each individual will make a sincere effort to improve his premises.
  - b. All Zoning Board permits will expire at the end of one year from issue date if not used within that period. This will include all outstanding permits for a one year period.
  - c. Two (2) signs, not to exceed a total of five (5) square feet, pertaining to lease, sale or use of a lot or building shall be allowed on said lot or building. A permit must be secured from the Board of Adjustment for signs other than those specified.
  - d. A penalty of \$25.00 shall be charged for each violation of any Zoning Ordinance.
  - e. A signed consent from the abutting owners, also property owners on the opposite side of the street, must be obtained before a permit is issued for the placement of a trailer or mobile home.
- Seventh: To see if the Town will vote to withdraw \$700.00 from the highway equipment fund. This money to be used for the purchase of a hone broom and material spreader.
- Eighth: To see if the provisions of Chapter 287 of revised Statutes Annotated relative to playing games of beano in this Town. (Vote on Official Ballot)
- Ninth: To hear the report of the Budget Committee and act thereon.
- Tenth: To transact any other business that may legally come before the meeting.

Polls will open at 10:00 o'clock A. M. and close at 7:00 o'clock P. M.

Given under our hands and seals this Twenty-fourth day of February A. D. 1962.

## REPORT OF THE HELPING TEACHER

One of the major areas of my work is in the field of curriculum. If we are to maintain a close harmony with the changing society it is necessary that the school curriculum be reviewed and revised constantly.

The combination of Educational Television and the new Audio-Visual Aids have greatly enriched the curriculum. Many of these aids have been purchased with the assistance of the Federal Government through the N.D.E.A. program.

The State Department of Education has made available to the schools of New Hampshire several new curriculum guides. These guides are very helpful because of the suggestions and procedures they recommend.

The fact that it is possible to have classrooms with average enrollments has been of great value. Because of this, teachers are able to provide more individual help in the various areas.

One area being reviewed at the present time is in the area of text books. As the need arises changes will take place.

The combined efforts of the school board, superintendent, principal and teachers have given Auburn a school to be proud of. It has been a very pleasant and rewarding experience working with them.

Respectfully submitted,

JOHN M. WALSE  
Helping Teacher

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

## PERSONNEL

The turn over in staff was the largest in years. Three resignations for personal reasons, one for increased salary and the replacement of a substitute resulted in school reopening with five new people.

Miss Walsh and Miss Bainton graduates of Plymouth and Keene respectively were engaged for grades one and four. Mr. Pettigrew and Mr. Boivin graduates of St. Anselms taught in 6th and 7th grades respectively. Miss LaBelle was hired to fill the vacancy caused by the resignation of Mrs. Gibbons.

The staff under the leadership of Messrs. Currier and Walsh has developed into an effective group. The educational progress of children has been normal or better. The strengths of individual teachers in specialized fields have been utilized to the advantage of the children. It will be advantageous if we are able to retain the services of the present staff for at least another year. The educational progress of children is enhanced with some permanency of staff. The knowledge of the child gained through observation enables a teacher to augment strength and bolster weaknesses.

## EDUCATIONAL PROGRAM

The special areas of instruction music and handwriting have been continued. These are definitely assets to the child. The ability to write clearly and legibly is an asset socially and economically. Our economy is permitting an increased amount of leisure. To meet in part at least the problem of providing a wholesome activity to fill the leisure hours available is a desirable program in schools.

Music certainly does this. It is probable that this type program will be one of the areas of expansion in the future. Art, both aesthetic and practical, will be expanded to meet the need of leisure time activity.

The National Defense Education Act is stressing the need for guidance programs. The objective of such an expanded and intensified program is to make more effective use of the talents of our young people. If we can effectively guide our children so that each one is living up to his or her greatest potential the national good will be improved.

The same act is still stressing the value of an expanded and intensified program in science, mathematics, and foreign language. The act provides an opportunity for the school to obtain equipment that normally would be too expensive to purchase. The National Defense Education Act meets half the expense of such purchases. It is desirable for the school to take advantage of this act so as to equip the school with much usable and desirable equipment.

The teacher consultant working with the principal and teachers strives to improve curricula offerings. Arithmetic and Science were the last two areas where new texts and materials were introduced. Currently social studies and English are the subject of study. The need for improved command of written and spoken English is almost axiomatic. In our changing world an understanding of history and geography is vital if we as a nation will maintain our position in the world. Program and curriculum are the subject of constant study. In this manner we try to provide the best education possible to our children.

## FINANCES

The overall increase in the budget of \$10,879.73 is nearly all accounted for in two items. Due to increased tuition costs and increased enrollment the high school tuition item increased \$8,270.00. Teachers salary item increased approximately \$2,100. One other item, transportation increased by \$800.00. These three items account for all the increase in the budget. The high school tuition and transportation are mandatory. Teachers salaries are in accord with the general trend.

The progress of the school and its pupils is the result of cooperation in the part of all. Parents, school board

teachers and pupils are primarily concerned with the improvement of educational opportunity for all. With such cooperation it is possible to provide the best program possible with our means.

Respectfully submitted,

EVERTON H. PARKINSON  
Superintendent

SUPERVISORY UNION BUDGET 1961-1962
